RE: Physician's and Surgeon's Certificate No. A71676  
Case No. 800-2018-041922

### Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you failed to adequately document indications for surgery and imaging results to clearly identify the need for surgery. In addition, you documented that you inserted a bone stimulator for bone growth, when you had not performed the insertion and did not correct this error in your operative note.

These actions constitute a violation of Business and Professions Code sections 2234(c)-repeated negligent acts and 2266-failure to maintain adequate and accurate medical records.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California, and you are required to complete a medical record keeping course.
